

PETITION OF SUPPORT FOR SAVE THE DELLS' OFFICIAL POSITION

To protect as "natural open space" 500 acres of Arizona Eco Development's 2,500-acre development - clustered in the Granite Dells

The most majestic portion of the Granite Dells is under imminent threat from Arizona Eco Development's (AED) misguided plan to build hundreds of homes surrounding the Point of Rocks, as well as a sprawling hotel and eight miles of roads that would cross the Peavine and Iron King Trails five times. We, the undersigned, ask the Prescott City Council and the developer to negotiate an agreement that protects this 500-acre portion of the Granite Dells and the ecologically important wooded valley along No-Name Creek as a publicly accessible natural park in perpetuity, in exchange for the many benefits of annexation enjoyed by the developer. By signing this petition, I pledge my support for Save the Dells' official position on AED's annexation, rezoning, and development in the Granite Dells.
